

THE LONGLEAF ALLIANCE

## ***Longleaf Academy: Understory Diversity U201***

*This 2.5 day workshop will consist of classroom lectures and hands-on field exercises. Expert botanists and ecologists from The Longleaf Alliance and partners will lead attendees in the study of native plant identification, ecological functions of groundcover, understory restoration techniques and management methods.*

*Field tours and demonstrations will provide continuing education about the diverse longleaf understory, with an emphasis on native warm season grasses, composites and legumes.*
