

Longleaf Academy: Longleaf 101

Experts in longleaf management and ecology from The Longleaf Alliance and partners will lead attendees in this 3-day course consisting of both classroom lectures and field instruction in “all things longleaf”.

Topics will include:

- Managing with fire
- Site preparation
- Release treatments
- Planting techniques
- Managing for wildlife habitat
- Groundcover restoration
- Pests and diseases
- Forest products and economics
- Converting to longleaf
